LETTER FROM THE SENIOR VICE PRESIDENT

The goal of the leadership reorganization was to bring student affairs closer to student needs and the needs of our campuses. Following a year of planning, the division would like to thank everyone for your hard work throughout the year.

More of our great work throughout the year. I continue to look forward to leading this division and supporting our students and the great work of student affairs at Iowa State University.

The end of this academic year marked my third year for expansion and planning, but it also established the following committees: 

- Student Development & Services 
- Student Affairs 
- Student Resources 
- Student Health 
- Student Wellness

The program's first priorities for Iowa State were to continue its year-round service to campus and community partners. The program's first priority was to increase to address facility capital renewal needs.

The division would like to thank everyone for your hard work throughout the year. I continue to look forward to leading this division and supporting our students and the great work of student affairs at Iowa State University. This effort was led by Student Affairs Wellness Task Force in 2014, prompted the Division of Student Affairs to establish the following committees.

The division would like to thank everyone for your hard work throughout the year.

The division would like to thank everyone for your hard work throughout the year.
Toward the goal of student affairs and the university having a culture of excellence, student affairs at Iowa State University promotes a climate of mutual respect, where diversity and inclusion are celebrated.

The goal of the leadership recognition program is to promote a culture of student affairs professionals and premier mentors who are committed to excellence in student affairs and who are committed to the student experience and pedagogy. It also aims to recognize and celebrate the work of student affairs professionals who are committed to excellence.

The division would like to thank our generous alumni and contributors for their gifts to the academic year, which support a diverse and inclusive student experience through scholarships, programs, support, and capital projects.

The Student Wellness department will ensure that Iowa State University students are provided with a holistic approach to health and wellness. This includes a focus on mental health, physical health, and social well-being.

The assessment revealed that students saw the value in the division's focus on mental health, physical health, and social well-being. The assessment also indicated that students felt supported and valued by the division.

The division would like to thank our generous alumni and contributors for their gifts to the academic year, which support a diverse and inclusive student experience through scholarships, programs, support, and capital projects.
Letter from the Senior Vice President

Dear Cyclones,

I am absolutely elated to share that the Division of Student Affairs was recently recognized as the 2016-17 ACPA Community Engagement Award Recipient. This award is a testament to the energy, enthusiasm, and commitment of our entire division to making Iowa State a better place for students to learn, grow, and thrive. It is a true honor for me to receive this recognition on your behalf.

The award recognizes the division’s outstanding contributions to student success and engagement, including our work to provide a safe and inclusive environment for all students. It also acknowledges our efforts to foster a sense of community and belonging, which are essential for student well-being and success. I am grateful to everyone in the division for their hard work, creativity, and persistence in achieving these goals.

Thank you for your dedication to student success and for making Iowa State a place where students can thrive. Together, we have accomplished so much, and I couldn’t be more proud of our accomplishments.

Go Cyclones!
